SUBSCRIPTION \$2.00 PER YEAR

## GLEICHEN SCHOOL FAIR SET FOR SEPT. 15TH

A meeting of the Gleichen School Fair Association was held in the town office at Gleichen with the following present: G. H. Farquharson, J. E. Ostrander, Miss Kent, Miss Morton, Miss Van Volkenburg, Miss Cook from Gleichen; J. Corbiel, F. Bennett and the teacher from Living Spring school; M. Murray representing Alton School; S. E. Benn, School Fair Organizer.

The meeting was called for the purpose of studying the prize list. The date for the Fair was set at September 15th, 1931. The School Fair book prize-list was followed very closely and a full list computed. The secretary was instructed to canvas the town as soon as possible for donations and will also write to outside firms for contributions. The prize-list will be submitted to the teachers before the 30th day of June to give an opportunity for explanation to the pupils. The following are the officers of the School Fair Association for the year 1931:

President Dr. Farquharson, Vice-Pres. Joe Corbiel.

Sec-treas. M. Murray.

Committee - representatives from each school room: Gleichen Mrs. Yates, Wm. McConnell, J. E. Ostrander and Dr. Farquharson.

Living Spring School, J. Corbiel. Shamrock School, Hammer Hill and Alton, one member for each room. It was decided that the Indian Residential Schools of Gleichen and Cluny be not included in the Association.

The entrance fee was set at \$15.00 for each room. The Gleichen District Agriculture Association was asked to have a representative on the committee, Wheatfield, Jeanne D'Arc and Cluny School districts also were asked to join the Association. It is expected that the Fair will be a fine success this year.

## GOOD CROWD ATTEND ARROWWOOD SPORTS

Arrowwood annual sports day, June 8th was a success as usual. We understand that the sports and dance programme did not show any surprise but nevertheless they did as well as could be expected. The leading attractions were a ball tournament and basketball game. The basket game was between Blackie girls and Arrowwood. The play was close enough to make things exciting. Won by Arrowwood. The base ball teams taking part were Mossleigh, Queenstown, Gleichen and Arrowwood. The first game between Gleichen and Arrowwood gave Gleichen a win, Bogstic pitched for Gleichen and Pitman for Arrowwood.

The next game between Mossleigh and Queenstown was the closest game of all. Mossleigh winning and going into the finals with Gleichen. Chuck Baker pitched for Mossleigh and Rubbelke for Queenstown. Lyons pitched the final game for Gleichen and turned in a win. Mossleigh started Welliver in the box but took him out in favor of Chuck Baker when he could not help much and Baker's nephew Art relieved him for the last few innings but the game had already been won, so Gleichen took first.

Two refreshment booths on the grounds dispensed soft drinks, ice cream, pies and the ever popular hot dogs.

A day of sports such as Arrowwood put on is a fine thing for the kiddies and gives the grown ups a chance of meeting many friends and acquaintances. The management is to be congratulated on the way things were run.

We forgot to mention the game of horseshoes when the Arrowwood oil timers took on all comers some look like deadly shots but we believe such had a great deal to do with it as the horseshoe is proverbially lucky and the Arrowwood boys were born with one in each hand.

Radio has displaced carrier pigeon message service in the navy.

## BOARD OF TRADE GETTING READY FOR JULY 15TH

### BIG PUBLIC MEETING IN COMMUNITY HALL, FRIDAY TO PREPARE FOR SPORTS DAY

The regular meeting of Gleichen Board of Trade was held Monday, June 8th. There was a good attendance and some useful business done. Efforts had been made to get W. W. Grant's power station here but a letter was read advising the site had been chosen east of Strathmore.

The location of a flour mill here seems a certainty and whoever comes will no doubt commence operations in the near future.

A committee was appointed to interview the public works department, the tourist camp and cook house.

A couple of weeks ago Mayor Yates purchased some 1000 willow cutting for a shelter belt north of the reservoir but it is thought the dry weather has killed most of them and the Board of Trade have taken steps to purchase 500 more cuttings and a pump to irrigate same.

The most important work done was the motion to get behind the committee in charge of the irrigation opening celebration one hundred per cent which was unanimously carried.

T. H. Beach and Mr. Guttman reported progress already made and further reports will be submitted at a public meeting to be held in the dining room of the Community Hall, Friday evening, June 12th. Every body interested in town and country are invited to attend.

The system of irrigation being installed here is probably the only one of its kind in Canada and while use in California has not been made general use of. The mayor and council have spent a great deal of time and energy to assure the success of the scheme and that success will mean more to the town than many realize.

Being one of the oldest towns on the line Gleichen has had many ups and downs and in spite of dire prediction of ruin has managed to continue. Many years ago the writer heard that the town was done, the round house was moving to Calgary, then when things got tough again the C.P.R. irrigation project was started bringing settlers by the hundreds and when that wave of prosperity quieted down the Canada Land and Irrigation dam was started bringing still more business here. Who would have predicted at this time last year that the irrigation for the town would go over with a hundred percent vote?

We have an opportunity we cannot afford to miss and with the backing of the entire community the opening of this irrigation should give the town a new lease of life and in a few short years people will drive in here to admire the homes and gardens and enjoy the shade of the trees and scent of flowers and perhaps a cool dip in our swimming pool.

### SAUVE - CUNNINGHAM

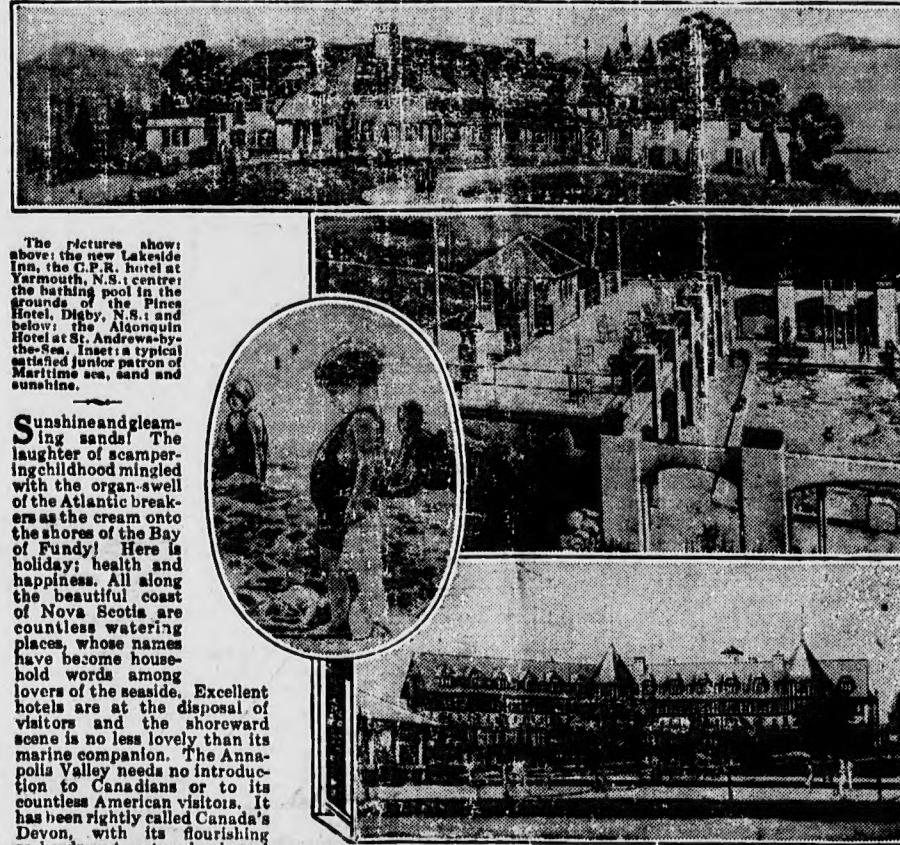

At 8 p.m. Monday morning, June 8th, Miss Myrtle Cunningham daughter of Mr. and Mrs. W. H. Cunningham and Mr. Achille Sauve were united in marriage by the Rev. Fr. Moreau in St. Victor's Church. The wedding breakfast was served at the home of the groom's sister Mrs. J. A. Menard. That evening the newly weds were serenaded at their home 10 miles north east of Gleichen and from there the crowd went to the Meadowbrook Hall and danced until 1:30 a.m.

### JONES - NAUNTON

Holy Trinity Church, Edmonton was the scene of a pretty wedding on Saturday evening when Agnes Marguerite daughter of Mrs. L. C. Gray and the late Alfred Naunton became the bride of Arthur Robert Jones of Calgary, son of Mr. and Mrs. Arthur Jones of Gleichen. The Rev. C. Reynolds officiated.

The bride, charming in white satin and lace veil, and carrying a bouquet of roses and lily of the valley entered the church to the strains of the wedding march, on the arm of

## SUMMER IN THE MARITIMES

The pictures show: above, the new Lakeside Inn, the C.P.R. hotel at Yarmouth, N.S.; below, the bathing hotel in the grounds of the Pines Hotel, Digby, N.S.; and below, the hotel in St. Andrews-by-the-Sea. Inset: a typical satisfied junior patron of Maritime sea, sand and sunshine.

Sunshine and gleaming sands! The laughter of scampering childhood mingled with the organ swell of the Atlantic breakers as the cream onto the shores of the Bay of Fundy! Here is holiday; health and happiness. All along the beautiful coast of Nova Scotia are countless watering places, whose names have become household words among lovers of the seaside. Excellent hotels are at the disposal of visitors and the shoreward scene is no less lovely than its marine companion. The Annapolis Valley needs no introduction to Canadians or to its countless American visitors. It has been rightly called Canada's Devon, with its flourishing orchards and pasture lands and its countless picturesque farms and hamlets. A few hours' journey by palatial steamer from Saint John, N.B., Digby, with its Pines Hotel as the hub of activity, rivals Kentville with its Cornwallis Inn, and Yarmouth with its new Lakeside Inn, in extending hospitality to the holiday-seeker. Golf, tennis, bathing, fishing, yachting and innumerable beautiful motor drives are only a few of the recreations available. On the New Brunswick mainland, farther as it were, to this stalwart family, the Algonquin Hotel, at St. Andrews-by-the-Sea, sets a standard of summering unrivaled anywhere on the continent. The luxurious hotel, with its many attached cottages, is the centre of one of the most exclusive colonies of the Dominion. The golf links, known throughout the length and breadth of the country as one of the finest championship courses available, are meet namesake of the home of the royal and ancient game in old Scotland. The picture shows the hotel and the golf course.

her mother. The bridesmaid, Miss Florence Naunton, wore a royal blue ensemble with lace hat in a bisque shade. Her bouquet was of pink carnations and maidenhair fern. Mrs. Gray chose a gown of black crepe trimmed with eyelet embroidery. The bridegroom was attended by Mr. Alfred Naunton, Mr. James Brown and Mr. Charles Rudd, cousin of the bridegroom, were the ushers.

A reception was held at the home of the bride's mother after which Mr. and Mrs. Jones left for Calgary where they will reside.

### ARRANGING LARGE PICNIC

Organization of the largest picnic ever arranged to celebrate an important event is being undertaken by the combined committees of Ontario and Manitoba in charge of the provincial opening of the last Inter-Provincial link on the Trans-Canada Highway at the border line between the two Provinces on Labor Day, September 7th, 1931.

Every automobile club in the Dominion and a goodly number in the States adjacent to the Canadian border are all lined up to send cavalcades of cars from their different districts and these are already registered with the head office of the Trans-Canada Association at the town of Beaconsfield in Manitoba.

This week circular letters have gone out to all Districts Town and City Councils and Boards of Trade throughout Manitoba, Saskatchewan, Alberta and British Columbia, asking the public representatives to take up the movement and assure the celebrating body that at least six cars will come from their own district with each car suitably marked showing point of origin, also carrying booster signs to let other districts know where they come from.

Governors of States such as Minnesota and North Dakota together with the mayors of Towns and Cities adjacent to the Canadian Border, have signified their intention of being present for the ceremony, whilst Canada as a whole will be represented by

James J. Greer has bought the Peter McLean house and will move in shortly.

Bill Schmidt is busy these days painting his service station and machine shop with a coat of white paint.

## IRRIGATION WATER WILL BE ON NEXT WEEK

The water will be turned into the lake this week and next week the eastern part of the town will be able to irrigate. The pressure tank will leave Calgary next Monday and will be installed at once. Work on extending the power line to the power house will begin this week.

At the Council meeting Monday night the council decided to extend a temporary three quarter inch pipe line to the cemetery this year.

Good progress is being made on the town irrigation system in laying the pipe. All the large size pipe has been laid, which reached from the dam to the United Church manse, the lighter pipe which starts there has been laid as far as Dan McDonald's old blacksmith shop. The pipe gang are now laying the extensions in the east end of the town.

Murray's foreign legion is making good progress in the ditches but Dutch Schnepp still considers he should get 50c an hour, instead of 30c.

## QUEENSTOWN SPORTS DAY WED., JUNE 17TH

Queenstown's sixth annual sports day will take place next Wednesday afternoon, June 17th. For the baseball tournament \$150 is offered in prizes. Four teams are entered namely: Arrowwood, Bassano, Mossleigh and Queenstown. The first game will start at 1 p.m. A girls basketball game is also scheduled to take place. The Gleichen Junior baseball team will play the Queenstown Juniors at 11 a.m. During the afternoon horseshoe pitching and a tug-of-war will take place. In the evening a big dance will take place in the Community Hall.

Thousands are now counting the days when they can leave for some lake or river for an outing, where they can fight mosquitoes and bugs for a few days, and perhaps get drowned. It is a great thing and many of our ancestors lived and died knowing what a vacation or outing meant.

Hugh Telford motored from Vancouver, B. C., to visit his wife and child and Mr. and Mrs. Glen House He arrived in Gleichen Saturday.

Quite a few people jumped into the backwaters of the Bow Sunday to escape the heat. They state the swimming was good.

M. Murray has got a great crop of grass in front of his office. He spends a lot of time admiring it but objects to human beings and dogs cutting corners on his grass.

Next Sunday the 22nd Battery boys will hold a picnic at Sarcee Camp, Calgary. The boys are busy rounding up the necessary cars for the trip and have quite a few lined up.

The Calgary Boosters baseball team played the Meadowbrook men two games at the Meadowbrook diamond Sunday afternoon. Meadowbrook won the first game 12-11 while the Boosters carried off the honors in the second 7-4. The Booster made one home run by Tiger Lyons and the Meadowbrook boys made four homers by P. Bushan, Tony Mauza, Bert James and Ad. Wilson Jr. In the second game a Babe Ruth of the Calgary team knocked one over the fence into the plowed ground. Cecil Lyons also landed one out in the same district.

Florence Playfair and Winifred Playfair from Peterborough, Ontario, and H. McIntyre 6-3, 6-1.

Winifred Playfair and Gwen Stiles Bassano, defeated M. Young and J. Guttmann 6-1, 6-1.

Jack Gregg and L. Sambrook, Bassano, defeated M. Michael and A. Evans 6-1, 6-0.

Gwen Stiles and G. Stiles, Bassano, defeated M. Young and R. Schmidt 6-2, 6-2.

F. Playfair and D. Ford, Bassano, defeated P. Yates and M. Murray, 6-4 3-0, 6-1.

TOWN AND DISTRICT

James J. Greer has bought the Peter McLean house and will move in shortly.

Bill Schmidt is busy these days painting his service station and machine shop with a coat of white paint.

## GLEICHEN GOLFERS VISIT BROOKS

The second round of the Herald district golf competition was held at Brooks last Sunday. Dr. Keith of Bassano holds the low score so far, followed closely by Mr. Gaetz of Bassano and Mr. Tait White of Brooks. R. C. Clifford of Gleichen had the low score for the day 79. The next round will likely be played at Gleichen on Sunday, June 21st.

The day although very warm was delightful and brought out a large field of players of both sexes. Visitors from Bassano and Gleichen drove from Brooks and the demonstration farm admiring the beautiful flowers and shrubbery.

Good progress is being made on the town irrigation system in laying the pipe. All the large size pipe has been laid, which reached from the dam to the United Church manse, the lighter pipe which starts there has been laid as far as Dan McDonald's old blacksmith shop. The pipe gang are now laying the extensions in the east end of the town.

Murray's foreign legion is making good progress in the ditches but Dutch Schnepp still considers he should get 50c an hour, instead of 30c.

Brooks is to be congratulated on their course and clubhouse where the ladies served refreshments during the afternoon.

R. W. BROWN

GLEICHEN

ALBERTA

Fond Mother: "You brute! Look what you've done to my child's banana!" — The London Opinion.

## WORLD HAPPENINGS BRIEFLY TOLD

Hoping to settle internal troubles in B.C., the government will send Peter Verigin to London to take the colors of Great Britain in the Sons of Freedom.

Queen Mary was 64 years old on May 26, and felicitations poured in on her from all over the world of relatives, friends and admirers.

Hon. Herbert Marier, Canadian minister to Tokyo, in an effort to prevent, urges Canadians to go after Oriental trade.

Regulations governing the shipment of canning fruit from British Columbia have been amended to permit the carrying of rattle on open decks in the summer months.

With the race between 20 and 30-ton tractors is to be decided, according to a statement made in the House of Commons by Hon. H. H. Stevens.

Explosives in Canadian whisky ran into a tremendous slump during April. The figures were \$169,000 compared with \$217,000 for the same month in 1928.

W. G. Duncan, superintendent of the Prince Albert branch of the Soldiers' Fund, has been appointed to take charge of the organization in the city.

Gold miners have staked claims in the valleys of Long River and Baker Creek, seven miles northeast of Houndsfield. Men, traps and teams were found in the same place a few years ago and interest has been revived.

Announcement that the British Dental Association would meet in conjunction with the convention of the Canadian Dental Association in Toronto on July 1, 1932, was made at the annual meeting of the Ontario Dental Association.

Russian civil aviation authorities have extended the operating on August 1, 1932, of the new mail, passenger and mail airships in the world, extending them to 10,000 miles, instead of 6,000 miles, Moscow to Irkutsk and Vladivostok.

Undergo Special Test

Locomotives Of German Railways Examined and Compared

One of a series of comparative tests of German railway engines for size, stability and performance by placing them on a special test track, here, has been completed, according to a notice in the London Gazette. But behind them they have been put to the test, "The More We Are Together, the Merrier We'll Be," and a fine record of accuracy.

Produced in 1924 by the late Sir Alfred Fripp, eminent surgeon, the "Frost Blower" has been tested for 10 years now for children and charities. They have sold for £2,500 each, and gave £70,000 for the development of Boy Scouts and Girl Guide troops in ports of entry.

The hired man asked little Johnny to pass the salt.

Looking at his mother, the boy said: "I shall give him the salt," he whispered. "Daddy said he wasn't it."

A writer says pedestrians must play a game with motorists. They do, stop, hop and jump.

Nearly one-fourth of Poland's steel production went to Soviet Russia.

W. N. U. 1892

## Disappointed Over Result of Conference

Leave Victoria, Fredericton, Where  
It Was Said London Times

The London Times editorially expressed disappointment that the world grain conference had forced to break off, leaving the problem very much where it was.

The paper said that "the most terrible of these seems to trivial to take any notice. But the cool manner in which an admission has been made is an ominous sign."

The conference was not strongly favored. The Times said: "For the existence of the committee it appointed will keep alive the spirit of co-operation and can hardly fail to contribute something to the excessive, unregulated competition which brought the wheat market to its present standstill."

The London Telegraph said it was not surprised that the conference failed to find an effective remedy for the world's wheat glut.

The London Telegraph said it was

surprised that the Soviet

and the Soviet leaders agreed

that works published by them

had been translated into Russian and

given to the Chinese.

The Chinese government

had agreed to give the Soviet

and the Soviet a right to

make use of the farms of the

without payment.

Opoge Has Vanished

Mysterious Lake Okanagan  
Appears May 20

The opoge that has brought wide-wide attention to the Okanagan valley since the appearance of B.C. is dead. No one really saw him die, but the mysterious dweller of Lake Okanagan is now dead.

Inquires at all the lakeside towns confirm the all that the lake-side town was away from the deep so that it may be placed in the national park.

It is said to have the head of a sea serpent and the body of a river natural.

It is hoped that the solution lies in the development of mixed husbandry in countries now growing too much wheat.

Fast Freight Service

From Vancouver To Montreal

Twenty-four hours has been cut from the running time of the Canadian Pacific Railway fast transcontinental freight service operating from Vancouver to Montreal.

It was announced recently by the transportation department of the Canadian Pacific that the new fast

schedule makes the coast-to-coast

run from Vancouver to Quebec and Montreal being reduced

from four to three days.

The total time of fast will not

exceed, but will prove of consider-

able importance to exporters, who

will be able to meet their

deadlines at the point of origin and

will be assured of connection with

steamer ships at Montreal.

For Northern Cruise

Leopoldine To Engage In Patrol Work

In Hudson Bay Area

The big icebreaker, "N. B. McLean," is finally being repaired

in the port of Quebec, and Capt. Peter George S. Henry of Ontario, in an address to the Board of Trade at Atlantic, said the vessel would be ready to sail at 60 miles an hour when he asked: "Some day we will limit the speed of the ship, but not now."

"If there is to be no speed limit then we will have to limit the speed of cars."

Skyl-Writing At Night

An all-night effort of himself

and at friends, English Major Jack Stack has just completed a new method of writing messages on the clouds at night. Ten years ago Major Stack had a desire to do night sky-writing, and his invention was adopted in many countries.

Now Used For Wheat

For seed, for purposes of wheat

and other grains are being made

the subject of an extensive survey by the National Research Council, it is announced. Other uses are being

conducted in the hope of developing

processes which will turn waste

materials into products of commercial value.

Because of the over-supply of

wheat oil in the world the Antarctic

area will not be visited by whalers next

season.

Bad wood is so buoyant that it

can support almost ten times its

weight.

Tuberculosis takes its greatest toll

between the ages of 15 and 25.

## British Girls Aiding Trade

Join In Campaign For Help Foreign  
Customs Industries

Girls, whose job it is to walk 12 miles daily until the pedometers they carry register 500 miles, are helping in a campaign to help British girls in Liverpool to urge for Britain a \$1,000,000 worth of trade done annually by British girls in Canada by Canadian, Polish, German and French competitors.

The girls, originally from Liverpool, have been asked to damage their shoes, suffer, and the company hopes by this means to secure an unbreakable proof of the superiority of the British product.

If Britain succeeds in winning the market, employment will be given to 5,000 factory hands in Liverpool.

Another British firm has called a conference of Asia Minor and Central Africa to exhibit to the Turkish women and African natives the advantages and disadvantages of the products of Great Britain. Girls, 15 to 18 years of age, will be sent to the conference to make known the products of Great Britain.

## Advocates Mixed Marriages

Unto Whom Is Given Honour To  
Present Race War

Intermarriage and marriage between the Japanese and Chinese would not only be a good thing for the Chinese, but the resultant race probably would be superior to both the present white and yellow races, the opinion of Dr. Charles Hill-Tout, Vancouver anthropologist, expressed in an interview in London.

In the same opinion, if racial

and cultural prejudice would be broken down and cross-breeding continued, the two varieties of new race would be formed.

Dr. Hill-Tout, a Canadian

anthropologist, said:

"If we don't break up on our

racial lines, we shall be

as good as any other race.

## Hon. Robert Weir Defends Own Actions Since Assuming Office

Ottawa, Ont.—No answer was received to charges that officials of the Department of Agriculture were incompetent and negligent. Hon. Robert Weir, Minister of Agriculture, stated in the House of Commons when a committee was requested:

"His own actions since taking over the department are taking the best steps that are possible to effect a change, though there had been frequent dismissals in his department than on any former occasion. The world's altitude record is 23,000 feet and the balloons he has designed only two or three had been damaged."

A. E. Totake, (Lab., Humberside), said the minister should make a statement on an article which appeared in recent issues of the *West Record* that the minister had offered to resign, though there had been frequent dismissals in his department than on any former occasion. The world's altitude record is 23,000 feet and the balloons he has designed only two or three had been damaged.

"When I spoke in the House the other day," said Mr. Weir, "I did not say that I had offered to resign. I have always been careful to speak in the kindest possible terms in presenting my views in public utterances before the House. The officials of the department are not defenceless."

Hon. W. M. Motherwell (Cons., Marquette) charged the late government with failing to take any steps to encourage the scientific industry. He predicted Mr. Motherwell's successor, Hon. Robert Weir, never would have been appointed to the cabinet, as he was not a member of the Conservative party.

Mr. Weir said the article in question, he did not know, said Hon. W. M. Motherwell was exminated of agriculture, and was responsible for the defeat of the department.

The other day the minutes for Hastings South (W. E. Turner) had been read, and the same was reflecting upon the accuracy of the department figures. Mr. Motherwell expressed utmost confidence in such results.

### Natural Gas Waste

Upper Chemistry Tests the Barrier  
Of Solution Of System Problems  
Upon Chemistry Tests the Barrier  
Gas in Turner Valley, Alberta, re-  
mains a problem, extension services  
and the burden of solution. Dr. G. S. Whitham, director of the chem-  
ical division of the National Research  
Council of Canada, told the opening  
session of the 14th annual con-  
vention of the Canadian Chemical  
Association.

As a member of the Canadian Institute of Chemistry, and a professor of chemistry at the University of Manitoba, Mr. A. T. C. Stewart, University of Manitoba, was named president. Dr. T. Thorvalson, Uni-  
versity of Saskatchewan, was elected to the council.

### Chinese War Munitions

Southern Areas, Having Equipment  
To Fight Nationalist Forces

Hong Kong, China.—The Chinese  
have signed leases holding of the  
northern areas and a firm of munition  
manufacturers for a million dollars  
worth of shells, bombs, grenades and  
other war equipment to be used in  
the war against the Nationalists. The  
Chinese have been unloading at Canton in the  
last few weeks, and the combined  
Kwangtung and Kwangsi armies have  
refused to mount any attacks but  
against the Nationalists.

Proration of Copyright  
Winnipeg, Man.—Authors who wish  
complete protection of Canadian  
copyright for their works must register  
them in Ottawa, it is ruled. In the  
articles that they are "copyright," according  
to judgment of Mr. Justice D. C. Ross, it is a question of fact, and no  
reasonable ground for asserting  
that "copyright" subsisted in  
the work." It was entitled to publish.

Investigating Market Problem  
Ottawa, Ont.—Progressive repre-  
sentatives of the meat and fruit products  
will be made the subject of an investi-  
gation by the House of Commons  
on Monday, June 12. The purpose of  
this effort was made in the Com-  
mons by Hon. Robert Weir, Minister  
of Agriculture, and passed unani-  
mously.

W. N. U. 1892

### World's Altitude Record

London, Eng.—A record height  
of 32,500 feet

London, Eng.—A record altitude  
of 32,500 feet was made by the  
Gurkha, and his adventurous flight  
into the stratosphere was the most  
dramatic and courageous, and had  
been established between Saska-  
tchewan and Alberta, between North  
Battleford, and between Calgary and  
Edmonton, by way of Mirrour.

"The balloon had reached a  
height of 52,000 feet, and was

then lost sight of.

They never lost control of that-  
sail, he said, and they gathered  
valuable scientific data in their long  
hours in the cold gondola sus-  
pended from the basket.

The balloon itself lying on the  
"Gurkha Garter" floor, "8000  
feet above the ground."

He said he had a record

of 32,500 feet.

"We're very tired," he said,  
"but we're happy. Our balloon is  
safe and the damage to our equip-  
ment is hardly worth mentioning."

"The weather was excellent for ob-  
servation," he said, "but the buoyancy  
of the balloon was so great we could land only after the sun had  
gone down."

He had to land smoothly but too late  
to look for habitation so he slept in  
the night."

"Early in the morning he had to  
get his bearings and walked down  
the mountain side toward Ober  
Gurgi, mounting the rescue expedi-  
tion."

The balloon itself lay on the  
"Gurkha Garter" floor, "8000  
feet above the ground."

He said he had a record

of 32,500 feet.

### Faster Freight Service

CNR Carries Short-Haul Package

Freight, Man.—Faster and more  
frequent delivery of package freight  
to smaller post offices along the  
lines of the Canadian National is  
stated by Vice-President A. E. War-  
ren, who is in charge of the western  
division, which is now in effect in the  
Winnipeg region. The experiment is the  
carrying of less-than-carload packages  
by the repair of passenger trains.

The new service went into effect May 22 between Winni-  
peg, Brandon, and Virden, and a similar  
package freight service has been established  
between North Battleford and  
Edmonton, by way of Mirrour.

## A Real Business Builder

Those little helps to business—the Classified Ads.—are neglected by many people. You may have something to sell, so why not tell the townspersons about it, otherwise you are very likely to retain possession of the article indefinitely, and perhaps it is just the article that some one else has been looking for, or perhaps the suggestion will cause that someone to immediately make up his mind that it's something that he needs and must have.

There is hardly a household in Gleichen but what has an article, or maybe a half-dozen articles, that could be disposed of to advantage, and yet these articles are retained, in many cases unused and in the way, when a small classified advertisement might possibly bring to the door a buyer.

The Classified Ad. is a business getter and builder and should be used by everyone. They are inexpensive 15 words or under 50 cents first insertion and 25 cents each subsequent insertion. 3 weeks \$1.00. Over 15 words one cent per word for each insertion. Check over the articles you wish to dispose of, then either phone or call at this office and let the people of Gleichen know what you have for sale.

YOU WILL BE SURPRISED AT THE RESULTS

The Gleichen Call

## Town & District

A motorist rattled into Gleichen and inquired what the place was called. "We'll have to ask you a five spot," said Pete. "In answer to your question, the place is called Gleichen." The man advanced. "A five spot will advance. Big 19 cent for the one in the morning." "Ah!" said Pete. "That's just it will you come?"

By gum but it was hot on Sunday! Pete!

Miss Melrose, of Champion, spent the weekend in Gleichen visiting friends.

W. E. Anglin is busy building a new fence around the residence of Mrs. Wm. McConnell.

Mr. and Mrs. D. Hardwick of Arden were visiting in Gleichen for a short time Sunday.

Meadowbrook is putting on their annual baseball tournament on July 3rd.

A good crowd attended the dance Friday night, at Meadowbrook. All report a good time.

Mrs. G. Preston of Calgary, spent a couple of days in Gleichen last week visiting former friends.

Miss Mary Cook, who is teaching in Vulcan, visited with her parents over Saturday and Sunday.

The Bow river is fast and quite swollen. During the last few months the river has been very low.

Tom McLean reported Wednesday and Thursday in town met a good acquaintance. He is located at Provost.

For good home made meals, light lunches, refreshments of all kinds and ice cream, visit the Rose Room, 2nd floor.

Everyday wanderers drift into town via the residential districts and have a meal, hope the next freight and are gone.

Emile Grinbach has erected a new fence around his residence. He is taking a break in the appearance of the town.

The round up of stock running on the range at Crawling Valley, started last week and will be complete in a week or two.

Mr. and Mrs. D. H. Campbell, of Leduc spent the weekend visiting Gleichen. Mrs. G. W. Evans. They state that the weather has been very good, very little green is showing above the ground.

It remained for a member of the British motor trade to make the discovery that fashions in car colors do not largely up the state of business. During good times bright colors are popular, but when the dark shades predominate in the demand for motor car finishes, whether the result is that the diagnosis is thoroughly accurate, it is not. The result of the orgy of bright and brighter colors a few years ago, the somber shades have had a marked influence on the market.

That this shift in taste to darker hues for car finishes came along with the beginning of adverse business conditions is also a fairly good evidence, but it is an interesting speculation, at any rate.

### FARMER FAILS TO WIN CLAIM FOR DAMAGES

Mr. Justice Ford dismissed with costs the action of W. F. Innes, farmer of Gleichen, against the Canadian Power Company Limited for \$10,000, sustained by reason of an electrical shock which failed to have been received by the basement of his frame house in the early hours of Friday, June 27, 1930.

It was urged on behalf of Mr. Innes that the Canadian Power Company had been negligent in leaving a transformer on the pole in front of Mr. Innes' property standing, and that it was in a position to be known that by reason of a broken bushing or the transformer a charge of electricity was passed through the wires in his service box, and causing an arc at the point of contact.

Mr. Innes was throwing water on the electric in the basement he stepped on the floor and received a shock of 2,000 volts, and was thrown to the floor of his basement, a matter of 2 feet. Mr. Innes states that he had been using the services of the Calgary Power Company since the accident was due to the negligence of the company, and that the transformer was not smoking or defective on the night which Mr. Innes alleged it was, and that in this he was supported by the employees of the Calgary Power Company.

It was further argued that the plaintiff had made a proper examination of the transformer and that he had no cause to be afraid of it.

At the conclusion of the evidence His Lordship, Mr. Justice Ford, gave judgment in favor of Calgary Power Company, dismissing the claim of Mr. Innes with costs.

Howard Marcellus of Calgary, spent a few hours in town Tuesday evening. The old man was in poor health.

In his reasons for judgment, His Lordship said that he found it difficult to decide whether or not the accident had been caused by Mr. Innes' negligence, reason being that he was responsible under his contract with the company.

It was further argued that the plaintiff was not entitled to sue for damages for the lighting, and evidence was adduced to show that he had been negligent in his conduct of business at that time.

His Lordship, however, did not think it necessary to decide that point, as he was convinced that the plaintiff had no negligence in the conduct of his business, and that the part of the Calgary Power Company which maintained its apparatus an equipment in a proper and adequate manner.

His Lordship also referred to the evidence of Mr. Innes, who had an electrical shock, and described the amount claimed as being extravagant.

In concluding his judgment, His Lordship took occasion to compliment Mr. Innes for the manner in which he had conducted his business, and for his manner of life.

Ed. Menard has moved into his new residence on 10th Street, and is giving free shave to all who have no means of getting to a barbers.

Gio. Gili, A.L.L., B.C.E.A., who recently spent sometime in Gleichen planting shrubbery, trees, plants, etc., was sentenced to four months imprisonment for false pretences.

It has been calculated if every family in the country spent ten cents a week for the necessities of living, it would add \$875,000,000 a year to our

power Company had given their evidence.

H. G. Nolan and J. C. Chisholm represented the Canadian Power Company Limited, and J. J. MacDonald for Mr. Innes.

### COMING EVENTS
